

ISOLATING BALL VALVE WITH INTEGRATED CHECK VALVES

Introduction

Inta's full bore isolating ball valves with integrated check valves available with black or colour coded lever or butterfly handles.
Manufactured from WRAS approved materials, available with fxf or compression connections.

- Full bore isolating valve
- Prevents cross-flow
- Integrated check valve
- Available with fxf or compression connections
- Maximum operating temperature 90°C

**full bore isolating valve
with integrated
check valve**

Description	Code
Isolating ball valve with integrated check valve and butterfly handle 1/2" fxf connection	BBVCK1925050BK
Isolating ball valve with integrated check valve and butterfly handle 3/4" fxf connection	BBVCK1925075BK
Isolating ball valve with integrated check valve and butterfly handle 1" fxf connection	BBVCK1925100BK
Isolating ball valve with integrated check valve and butterfly handle 1 1/4" fxf connection	BBVCK1925125BK
Isolating ball valve with integrated check valve and butterfly handle 1 1/2" fxf connection	BBVCK1925150BK
Isolating ball valve with integrated check valve and butterfly handle 2" fxf connection	BBVCK1925200BK
Isolating ball valve with integrated check valve and red butterfly handle 15mm connection	BBVCK209515R
Isolating ball valve with integrated check valve and red butterfly handle 22mm connection	BBVCK209522R
Isolating ball valve with integrated check valve and red butterfly handle 28mm connection	BBVCK209528R
Isolating ball valve with integrated check valve and blue butterfly handle 15mm connection	BBVCK209515B
Isolating ball valve with integrated check valve and blue butterfly handle 22mm connection	BBVCK209522B
Isolating ball valve with integrated check valve and blue butterfly handle 28mm connection	BBVCK209528B
Isolating ball valve with integrated check valve and red lever handle 15mm connection	LBVCK209515R
Isolating ball valve with integrated check valve and red lever handle 22mm connection	LBVCK209522R
Isolating ball valve with integrated check valve and red lever handle 28mm connection	LBVCK20928R
Isolating ball valve with integrated check valve and blue lever handle 15mm connection	LBVCK209515B
Isolating ball valve with integrated check valve and blue lever handle 22mm connection	LBVCK209522B
Isolating ball valve with integrated check valve and blue lever handle 28mm connection	LBVCK20928B
